

# Augustin Ernoult

## Curriculum Vitae

Born the 15th May 1989 (34 years old)

Rés. Prince Noir, App.19 Bat.A,

23 rue porte-bonheur,

33400 Talence, France

✉ +33 6 47 81 21 05

✉ [augustin.ernoult@inria.fr](mailto:augustin.ernoult@inria.fr)

🌐 [people.bordeaux.inria.fr/augustin.ernoult/](http://people.bordeaux.inria.fr/augustin.ernoult/)

## Positions

- Since 2020 **Researcher**, project-team Makutu, Inria Bordeaux Sud-Ouest, Bordeaux, France
- 2019 - 2020 **Postdoctoral fellow**, projet-team Magique3D, Inria Bordeaux Sud-Ouest, Bordeaux, France
- 2017 - 2019 **Postdoctoral fellow**, Laboratory of Mechanics and Acoustics (LMA), Marseille, France,  
Joint laboratory Liamfi (LMA - Buffet Crampon)
- 2016 - 2017 **Teacher assistant (ATER)**, LAM, Institut Jean le Rond d'Alembert, UPMC, Paris, France
- 2013 - 2016 **Ph.D. Student**, LAM, Institut Jean le Rond d'Alembert, UPMC, Paris, France,  
Supervised by B. Fabre

## Education

- 2017 **Qualification aux fonctions de Maître de Conférence**, section CNU 60  
Academic certification necessary in France to apply to Assistant Professor positions in Mechanics, Mechanical engineering, etc.
- 5 Oct. 2016: **Ph.D. defense**, Université Pierre et Marie Curie - Paris 6  
Speciality Acoustics
- 2013 **Agrégation**, Physics-Chemistry, speciality physics  
High selective exam giving the possibility to be a teacher
- 2011 - 2012 **Master's degree**, Université Paris 7 - Diderot  
Physic Acoustics, obtained with honours.
- 2009 - 2011 **Bachelor and first year of Master**, École Normale Supérieur de Lyon  
Sciences de la matière (physics), Bachelor's degree obtained with honours.
- 2007 - 2009 **Classe préparatoire aux grandes écoles**, Lycée Janson de Sailly, Paris  
A two-year intensive course preparing for the competitive entrance examinations to French Grandes Écoles with courses of Mathematics, Physics and Engineering Sciences

## Research activities

### Support to musical instruments amkers

Collaborations: J. Chabassier (Inria, Bordeaux), C. Fritz (LAM-d'Alembert, Paris), P. Guillemain (LMA, Marseille), A. Humeau (Humeau Factory) , M. Jousserand (Buffet Crampon), S. Missoum (Arizona University, USA), D. Sharp (Open University, RU)

- relation between acoustic and musical characteristics
- automatic design: target definition, optimization algorithms [J3]
- bore reconstruction using the "Full Waveform Inversion" [J2] or the "pulse reflectometry"
- software development: Optim-Z [L1], OpenWIND [L2]

### Acoustics of wind instruments

Collaborations: J. Chabassier (Inria, Bordeaux), P. de la Cuadra (Santiago, Chili), B. Fabre (LAM-d'Alembert, Paris), T. Grothe (Detmold, Allemagne), J. Kergomard (LMA, Marseille)

- numerical solution of wave propagation in 1D
- measurement of acoustic impedance
- radiation of flute-like instruments [J5] [J9]
- thermo-viscous losses [J4] [R1]
- influence of the geometry on the radiated sound [J1]

## Acoustic sources of flute-like instruments

Collaborations: P. de la Cuadra (Santiago, Chili), B. Fabre (LAM-d'Alembert, Paris), A. Hajczak (LAM-d'Alembert, Paris), P.Y. Lagrée (d'Alembert, Paris)

- flow visualization (schlieren technique)
- aero-acoustic model [J11]
- dynamic system analysis
- coupling with the vocal tract [J10]

## Sound control in musical context

Collaborations: C. Balosso-Bardin (Lincoln University, RU), P. de la Cuadra (Santiago, Chili), B. Fabre (LAM-d'Alembert, Paris)

- "in vivo" measurement on musician in musical context [T1]
- "in vitro" measurement with artificial mouth [T1]
- characterization of attack transients of recorder [J8]
- acoustic and ethno-musicological study of the bag control of bagpipe [J6], [J7]

## Research stays .....

2021 **ETI, Hochschule für Musik, Detmold**, Germany, Founding: DAAD

3 month stays to carry out an acoustic comparative study of the french and german bassoon (recording, measurements, simulations) with Timo Grothe.

Feb. 2018 **Pontificia Universidad Católica de Chile, Santiago du Chili**, Founding: FONDECYT  
2 weeks stay to work with Patricio de la Cuadra on the control and playability of quand (Andean flute).

## Ph.D. supervision.....

Since **C. Bastien**, 50% co-supervised with C. Fritz, Founds: ANR Own-Music.

Nov.2023 Model the homogeneity of the control of wind instrument players: the case of flute-like instruments.

## Student supervision .....

2023 **A. Autin (M2)**, 6 month, 100%

Bore reconstruction of wind instruments with acousutic reflectometry.

2023 **A. Fresneau (M2)**, 6 month, 100%

Prediction of sound production difficulty with reed instruments (acoustic and perceptual study).

2022 **C. Vernay (L2)**, 6 weeks, 100%

Characterization (bias, uncertainties) of impedance sensor.

2019-2020 **A. Thibault (M2)**, 12 month, 40% co-supervised with J. Chabassier

Model and temporal numerical simulation of wind instruments.

2019 **G. Castera (M1)**, 3 month, 30% co-supervised with J. Chabassier and R. Tournemenne  
Adaptative meshing for simulation of wind instruments with 1D finite element method.

2018 **R. Buttard and B. de Frémont (IUT)**, 2x3 month, 30% co-supervised with Ph. Guillemin and T. Colinot

Measurement and simulation of impedance of wind instruments.

2015-2016 **A. Hajczack (M2)**, 6 month, 90% co-supervised with B. Fabre

Evolution of the spectral content of the sound during the attack transient of organ flute.

2015 **C. Huguet (M1)**, 3 month, 90% co-supervised with B. Fabre

Visualization and analysis of the jet during attack transients of an organ pipe.

## Teaching activities

2016-2017 **Teacher assistant: 192h, Engineering faculty, UPMC, Paris (Fr)**

Acoustics (TD-TP, L1-M1, 48h), Mechanics (TD-TP, L1-L2-L3, 92h), Signal Processing (TD-TP, M1, 36h), Programming (TP, L2, 24h).<sup>1</sup>

2013-2016 **Teaching charge during my Ph.D. preparation: 192h, Physic faculty, UPMC, Paris (Fr)**

Thermodynamic (TD, L1, 94h), Ondes (TD-TP, L2, 48h), Acoustic (TP, L3, 24h), Experimental sciences (32h)<sup>1</sup>

<sup>1</sup>TD: Exercise class; TP: Practical class; L1-L2-L3: Bachelor level; M1-M2: Master Level

---

## Distinctions and Funding

---

- 2023 **ANR-JCJC** funding (french National Research Agency) (PI), "Own-Music" project: *CustOm design of Woodwind iNstruments: optiMization of the geometry of flUtes, thanks to the modeling of the note-to-note adaptation of the muSICian's Control*
- 2019 **Yves Rocard award**, young researcher award from the French Society of Acoustics
- 2017 **Technical Area Pick** of the *Journal of the Acoustical Society of America* for the article [J7]: "*Music in a bag? Controlling the bag of Majorcan and Galician bagpipes*", JASA, **2017**.
- 2017 **Best poster presentation awards** during the *International Symposium on Musical Acoustics* 2017, Montreal [C25].
- 2014 **Poster prize of innovative scientific research** during the *International Symposium on Musical Acoustics*, 2014, le Mans (FR) [C12].

---

## Collective responsibilities

---

- Since 2019 Member of GSAM: the specialized group of musical acoustic of the French Society of Acoustics
- Since 2018 Reviewer for the "Musical Acoustics" section of the "Journal of the Acoustical Society of America"
- 2022 Reviewer and panel chair of a session during the French Congress of Acoustic in Marseille.
- 2014 - 2015 Elected representative of Ph.D. students in the "Institut d'Alembert" (Paris, Fr)

---

## Musical activities

---

- Since 2022 Traditional music (French and Klezmer)
- Since 2018 Learning clarinet
- 2017 - 2019 Member of the symphonic orchestra of Aix-Marseille university
- 2013 - 2017 Member of the symphonic orchestra "Coalescence" (Paris)
- 2007: Certificate of musical study in music theory and music analysis (Music academy of Val Maubuée (Fr))
- 2004–2009: Member of music band (compositions and arrangements): violin, cello, accordion and voices
- 1994 – Learn cello in music academy of Val Maubuée (Fr)): music theory, individual practice, 2009: orchestral practice, chamber music

---

## Languages

---

- English: Fluent (B2)
- German: Average level (B1)
- French: Mother tongue
